

FIRST STRING[®]

Shoot With The Best™

F5

CLASSIC

SIMPLICITY OF YEARS PAST,
GREATER TUNABILITY

CLASSIC

The new Classic option is a single color product, taking you back to the simplicity of years past while allowing a greater range of tunability based on the ability to change strand counts more minutely.

Simplicity of years past.

- Choose between black or buckskin with tan serving.
- Pre-stressed for faster shoot-in time
- No peep rotation guaranteed
- No serving separation guaranteed
- No creep or stretch

Innovative Retail packaging allows for your product to be easily inventoried and displayed. This highly-visible, see-through design helps attract attention and allows for better product interaction.

FIRSTDRAW®

YOUTH ARCHERY PROGRAM BY FIRSTSTRING®

The new FirstDraw program actively supports the youth archery initiatives in schools, clubs and with private individuals. FirstString® builds the strings and cables to keep most brands of youth bows performing at peak performance. Using Dynaflight string materials, available in 18 color combinations, most youth bows will enjoy an upgrade over their factory strings and cables.

String Saver C.P.L. ▶

A revolutionary blend of materials developed to encompass the needs of today's high tech fibers. This blend will condition, protect and lubricate by naturally absorbing into the fibers without the use of friction.

String Saver Crossbow Rail Lube ▶

FirstString® Rail Lube is formulated to reduce the string to rail friction associated with all crossbows. We have formulated the product with the same properties as the C.P.L. string product to further extend the life of crossbow strings.

◀ Arrow Lube

Our new arrow lube aids in the removal of any type of arrow from dense archery targets and will not affect arrow flight. Our no-mess applicator is easy to use and preserves our odorless, proprietary formula for use after use.

▲ String Loop and Material

3 and 100 packs include ready-to-use cut-to-length string loops. 50' roll also available in the 11 string colors.

◀ Speed Kits

FS5923-22-1 (50 pack)
FS5923-22-2 (4 pack)

▲ Shrink Tube

FS5922-22-1 (100 pack)

◀ FirstString Pro Slides

06 red / 20 fl. green / 24 silver /
25 black / 26 fl. pink / 28 blue / 37 fl. orange

The slide was developed to eliminate cable slide chatter and decrease the wear on cables. This slide incorporates a hole for a fall-away rest cord to be inserted along with a set screw to secure the cord.
